2014 California State Fair Award Winning Wines!

Elevation Ten Winery is pleased to announce winning five medals in the 2014 California State Fair Commercial Wine Competition. This means Elevation Ten cleared a field of 2,829 entries to gain recognition at this year's Wine Competition.

"We are thrilled to have four of our wines honored from among so many others," said owner Rina DiMare. "As a young winery, we strive to make the best wines we can - wines that can be enjoyed every day, or for the most memorable of occasions."

"It is such an honor to be recognized for something we are truly passionate about," said owner Andy Wallace. "It is humbling to stand with so many giants in the wine industry - winemakers, wineries, and most importantly, the people that help tell our story and passion for wine." The California State Fair has held the commercial wine competition for 150 years.

"It is incredible to work with so many dedicated individuals who seek to create an exceptional experience for our guests - from the moment the grapes are picked to the first sip of wine," continued owner Bob Clark. "This very special recognition is due to the hard work and diligence of each member of our team."

Awardees were judged and determined by seventy-two judges on 18 different panels. Judges have various backgrounds ranging from wine and restaurant industry members, to wine makers, wine educators, and journalists.

2014 California State Fair Awards:

Silver Medal - 2011 Syrah, Bronze Medal - 2007 After Ten and 2013 Carignane Rose, Gold Medal and Best of Class in Region - 2011 Proprietor's Blend
